[STATEMENT OF PROBABLE CAUSE / NARRATIVE]

CAD INCIDENT DISPOSITION CODE: [156] [C] [A] []

Stallworth, the night clerk at the Tom Thumb, observed Eagan enter the store with only an empty ice cup in his hand. Stallworth watched Eagan go back to the beer cooler so she went to the cash register. Eagan then came to the counter and with a beverage and 2 cans of fix a flat. Eagan stated that he had bought the fix a flat at an earlier date but did not need them so he wished to return them. Stallworth knew that he had not brought them into the store. I walked into the store during this conversation and Eagan stated that wasn't worried about the refund and just wished to buy the beverage. Stallworth took the two canisters and went over to the isle where the automotive products were and saw where the items had been recently removed from the shelf. I made contact with Eagan at this time and took him outside to my car. I arrested Eagan for retail theft, the total cost being \$11.78. I mirandized Eagan at this time and he waived his rights and agreed to answer questions. Eagan first stated that he had bought the property and just wished to return it but changed his statement and stated that he had tried to get a refund for it even though he had just removed it from the shelf. He stated that he just recently began using crack cocaine again and was attempting to get cash for a drug purchase. Eagan was transported to the county jail.

I hereby swear (or affirm) that the facts established on this affidavit are true and correct to the best of my knowledge and belief.
